Friends,

Chazal say that אין אדם לומד תורה אלא ממקום שלבו חפץ, one should learn Torah from places that they desire. Each person is connected to a certain part of the Torah. At the end of Shemona Esrei, we ask Hashem ותן חלקנו בתורתך, to give us our portion in Torah. We don't ask simply to give us a portion in *the* Torah, but we ask Hashem to give us *our* portion in the Torah because each of us have our own Torah that we connect with.

This is true for Torah and this is true for our own service of Hashem. Some people are inspired by singing, others from a high level Gemara shiur, and some from a Chumash class. Some individuals enjoy source based shiurim, others appreciate Jewish history, and some get inspired by stories and inspirational talks.

Like a good smorgasbord, we have tried to bring something to the table for everyone.

Some of these shiurim and learning programs are new, and some have been taking place for many years. There is yet more to come which is not in this booklet.

I hope that this booklet has something for you.

Please join us.

Come and learn.

Try something new. Take a chance. Open yourself up and find the shiur, program, or speaker that can become *your* Torah.

I look forward to learning together and growing together with you!

All the best,

Sariel Malitzky
